

Building Construction Costs

with RSMeans Data

A large yellow tower crane stands against a clear blue sky, positioned behind a multi-story concrete building under construction. The building's framework of columns and beams is visible, with some floors having rebar protruding. Safety railings with red and white striped tape are visible on the building's edges.

Reference Section

All the reference information is in one section, making it easy to find what you need to know and easy to use the data set on a daily basis. This section is visually identified by a vertical black bar on the page edges.

In this Reference Section, we've included Equipment Rental Costs, a listing of rental and operating costs; Crew Listings, a full listing of all crews and equipment and their costs; Historical Cost Indexes for cost comparisons over time; City Cost Indexes and Location Factors for adjusting costs to the region you are in; Reference Tables, where you will find explanations, estimating information and procedures, and technical data; Change Orders, information on pricing changes to contract documents; and an explanation of all the Abbreviations in the data set.
