

Residential Costs

with RSMeans Data

The background of the cover is a photograph of a multi-story residential building under construction. The walls are covered in light-colored oriented strand board (OSB). Several window and door openings are visible. In the foreground, there is a large, neat stack of light-colored wooden lumber. The sky is blue with some light clouds.

Reference Section

All the reference information is in one section, making it easy to find what you need to know and easy to use the data set on a daily basis. This section is visually identified by a vertical black bar on the page edges.

In this Reference Section, we've included Equipment Rental Costs, a listing of rental and operating costs; Crew Listings, a full listing of all crews, equipment, and their costs; Location Factors for adjusting costs to the region you are in; Reference Tables, where you will find explanations, estimating information and procedures, and technical data; an explanation of all the Abbreviations in the data set; and sample Estimating Forms.
